Please note on the check that you wish the funds to be deposited into the endowment. Endowment contributions may be paid over a three-year period. Other payment options are available. In

addition, the NJPMF has established a planned giving program. There are many options available to the donor, such as life insurance, annuities and charitable remainder trusts. A planned gift may provide you with income for the remainder of your life and reduce your tax dollars. In addi-

tion, a gift may leave a legacy of your commitment to the specialty. Certain gift levels allow the Foundation to name a national scholarship after the donor. Please contact Robert Cattoi at (606) 269-5626 for more information about endowment gifts and planned giving options.
