

## Key to Abbreviations

ac — authors' comment  
bkrv — book review  
br — brief report  
c — correspondence  
crHIV — current report — HIV  
e — editorial  
g — guidelines

hcs — health care system  
mp — medical practice  
oa — original article  
r — review  
refl — reflections in family practice  
sp — special communication  
w — world perspective  
x — correction

**Adnexitis.** Pelvic inflammatory disease: diagnosis and management (Quan) 110-r

**Adolescent Behavior.** Associations with high-risk sexual behavior: a survey of young men of color attending urban youth centers (Steiner & others) 189-oa; Designing research on health risk behaviors: questioning the assumptions (Alexander) 266-e

**Adolescent Medicine.** Guidelines for adolescent preventive services: a critical review (Stevens & Lyle) 421-g

Thrombolysis in pulmonary embolism: an adolescent with protein S deficiency (Degan) 523-br

**Adverse Effects.** Clarithromycin-carbamazepine interaction in a clinical setting (O'Connor & Fris) 489-mp

**African-Americans.** Associations with high-risk sexual behavior: a survey of young men of color attending urban youth centers (Steiner & others) 189-oa; Designing research on health risk behaviors: questioning the assumptions (Alexander) 266-e

**Aged.** Cost and outcome of inpatient care (Gillette) 185-c; (Armour) 186-c; Reply (MacLean) 186-c

Management of dizziness in primary care (Sloane & others) 1-oa; Practice guidelines for the management of vague patient complaints? (Lanier) 86-e

**AIDS Virus.** see HIV

**Alcohol Withdrawal Delirium.** Prolonged delirium tremens (Davis) 184-c

**Amanita.** Clinical approach to toxic mushroom ingestion (Blackman) 31-r

**Ambulatory Care.** The public hospital district for ambulatory care: an option to stabilize rural health services in crisis (Taplin & others) 493-hcs

**American Board of Family Practice.** Board News (Young) 88-bn; (Young) 269-bn

Celebrating 25 years (Young) 503-sp

Recertification examination (Granite) 91-c

**Amnionitis.** *Haemophilis influenzae* intra-amniotic infection with intact membranes (Shute & Kimber) 335-mp

**Ampicillin.** Antibiotic choice and patient outcomes in community-acquired pneumonia (Hueston & Schiaffino) 95-oa

**Analgesia, Patient-controlled.** Meperidine-induced seizure in a sickle cell patient using a patient-controlled analgesia pump (Rodman & Maxwell) 520-br

**Anaphylaxis.** Anaphylactic reaction after ingestion of bee pollen (Geyman) 250-br

**Anemia, Sickle Cell.** Meperidine-induced seizure in a sickle cell patient using a patient-controlled analgesia pump (Rodman & Maxwell) 520-br

**Angioedema.** Angioedema and angiotensin-converting enzyme (ACE) inhibitors (Varma & Nixon) 433-br

**Angiotensin-converting Enzyme Inhibitors.** Angioedema and angiotensin-converting enzyme (ACE) inhibitors (Varma & Nixon) 433-br

**Antibiotics.** Antibiotic choice and patient outcomes in community-acquired pneumonia (Hueston & Schiaffino) 95-oa

Rifabutin prophylaxis against *Mycobacterium avium* complex disease (Goldschmidt & Dong) 80-crHIV

**Antihypertensive Agents.** Hypertension: current management strategies (Sutherland & others) 202-r

**Arnold-Chiari Deformity.** Delirium, headache, and the type 1 Arnold-Chiari malformation (Mehl & Astill) 344-br

**Attitude to Health.** Immunization barriers in a family practice residency clinic (Gamertsfelder & others) 100-oa

**Australian Health Care System.** The role of the general practitioner in the Australian health care system: lessons for US family physicians (Schwenk) 351-w; Comparing Australian and US health care systems (Thomson) 456-c

**Bees.** Anaphylactic reaction after ingestion of bee pollen (Geyman) 250-br

**Biopsy.** Reliability of skin biopsy pathology (Boiko & Piepkorn) 371-oa

**Board News.** Board news (Young) 86-bn; 269-bn

**Book Reviews.** *ACLS*. 3rd ed. Volume 1: Certification Preparation. Volume 2: A Comprehensive Review (Grauer & Cavallaro) [Acheson] 92-bkrv

*Atlas of Dermatology*. 3rd ed. (Rassner) (Burgdorf, translator) [Bergman] 368-bkrv

*Atlas of Outpatient and Office Surgery*. 2nd ed. (Benjamin) [Leversee] 462-bkrv

*Bedside Cardiology*. 4th ed. (Constant) [Maier] 541-bkrv

*Color Atlas of Dermatology*. (Callen & others) [Geyman] 281-bkrv

*Common Skin Disorders*. 4th ed. (Epstein) [Geyman] 541-bkrv

*Conn's Current Therapy 1994.* (Rakel) [Dickson] 542-bkrv  
*Current Pediatric Drugs.* (Burg & Bourett) [Davis] 368-bkrv  
*Effective Medical Imaging: A Signs and Symptoms Approach.* (Sturman) [Heidrich] 281-bkrv  
*Emergency Medicine Secrets.* (Markovchick & others) [Eiff] 92-bkrv  
*Endocrinology.* 3rd ed. (Burch) [LaCroix] 543-bkrv  
*Essentials of Internal Medicine.* (Kelley) [Heidrich] 462-bkrv  
*Exercise for Prevention and Treatment of Illness.* (Goldberg & Elliot) [Fields] 542-bkrv  
*Family Medicine: Principles and Practice.* 4th ed. (Taylor & others) [Schiaffino] 369-bkrv  
*The Fifteen-Minute Hour: Applied Psychotherapy for the primary care physician.* 2nd ed. (Stuart & Lieberman) [deGruy] 93-bkrv  
*The 5-Minute Clinical Consult — 1994.* (Griffith & others) [Fox] 369-bkrv  
*Handbook of Sports Medicine: A Symptom-Oriented Approach.* (Lillegard & Rucker) [Eiff] 283-bkrv  
*HIV Infection: A Clinical Manual.* 2nd ed. (Libman & Witzburg) [Maples] 370-bkrv  
*Instructions for Patients.* 5th ed. (Griffith) [Bergman] 543-bkrv  
*Manual of Admitting Orders and Therapeutics.* 3rd ed. (Larson & Liles) [Norman] 544-bkrv  
*Modern Nutrition in Health and Disease, Vols 1 and 2.* 3rd ed. (Shils & others) [Kahn] 283-bkrv  
*Norplant Guidelines for Family Planning Service Programs — A Problem-Solving Reference Manual.* (McIntosh & others) [Leversee] 282-bkrv  
*Oxford Textbook of Palliative Medicine.* (Doyle & others) [Sloane] 93-bkrv  
*Pediatric and Adolescent Gynecology.* (Sanfilippo & others) [Larsen] 462-bkrv  
*Pediatric Orthopaedics in Primary Care.* (Tolo & Wood) [Davis] 284-bkrv  
*Physical Diagnosis: Bedside Evaluation of Diagnosis and Function.* (Willms & others) [Berggren] 544-bkrv  
*Planning for Uncertainty: A Guide to Living Wills and Other Advance Directives for Health Care.* (Douglas & Reichel) [Hennen] 282-bkrv  
*Practical Dermatology.* (Goldstein & Goldstein) [Farley] 463-bkrv  
*Prevention in General Practice.* 2nd ed. (Fowler & others) [Garr] 94-bkrv  
**Brief Reports.** Anaphylactic reaction after ingestion of bee pollen (Geyman) 250-br  
 Angioedema and angiotensin-converting enzyme (ACE) inhibitors (Varma & Nixon) 433-br  
 Bilateral testicular cancer (Bischof & others) 516-br  
 Carpal boss and the differential diagnosis of dorsal hand masses (Lewis) 248-br  
 Chronic schizophrenia or meningioma? (Sengstaken & King) 71-br  
 Delirium, headache, and the type 1 Arnold-Chiari malformation (Mehl & Astill) 344-br

Disseminated *Mycobacterium avium* complex in an immunocompetent previously healthy woman (King) 145-br  
 Fatal pasteurella septicemia associated with herpes zoster lesions (Carr & others) 245-br  
 Full-term abdominal pregnancy: mother and infant survival (Old) 342-br; (Gillette) 538-c  
 Hepatitis caused by low-dose sustained-release niacin (Schwenk & Fisher) 242-br  
 Keloid formation from levonorgestrel implant (Norplant System) insertion (Nuovo & Sweha) 152-br  
 Lay opinions regarding capitation-based health care plans (Scholes & Ellsbury) 348-br  
 Meperidine-induced seizure in a sickle cell patient using a patient-controlled analgesia pump (Rodman & Maxwell) 520-br  
 Metastasis of squamous cell carcinoma of the uterine cervix to the cervical spine (Hudspeth & others) 436-br  
 Recurrent bacterial vaginosis unresponsive to metronidazole: successful treatment with oral clindamycin (Tepper & others) 431-br  
 Recurrent pancreatitis after treatment with hydrochlorothiazide (Rion) 74-br  
 Suspected endotoxin poisoning in two intravenous methamphetamine users (Heck & Smith) 149-br  
 Symphysis pubis separation during childbirth (Senechal) 141-br  
 Thrombolysis in pulmonary embolism: an adolescent with protein S deficiency (Degan) 523-br  
 Unplanned pregnancy: have family physicians used opportunities to make a difference? (Rosenfeld & others) 77-br; (O'Connor) 276-c; (Rosenfeld) 277-c  
**Canada.** Family-general practice models in Canada (Perkin) 526-w  
**Candidiasis.** Severe opportunistic infections in AIDS patients with late-stage disease (Lifson & others) 288-oa  
**Capitation-based Health Care Plans.** Lay opinions regarding capitation-based health care plans (Scholes & Ellsbury) 348-br  
**Carbamazepine.** Clarithromycin-carbamazepine interaction in a clinical setting (O'Connor & Fris) 489-mp  
**Carcinoma, Squamous Cell.** Metastasis of squamous cell carcinoma of the uterine cervix to the cervical spine (Hudspeth & others) 436-br  
**Carpal Bones.** Carpal boss and the differential diagnosis of dorsal hand masses (Lewis) 248-br  
**Centers for Disease Control and Prevention.** Public health and health care reform: implications for family practice (Satcher) 511-sp  
**Cephalosporins.** Antibiotic choice and patient outcomes in community-acquired pneumonia (Hueston & Schiaffino) 95-oa  
**Certification Examination.** Board news (Young) 88-bn  
 Recertification examination (Granite) 91-c  
**Cervix Diseases.** Metastasis of squamous cell carcinoma of the uterine cervix to the cervical spine (Hudspeth & others) 436-br

**Child Health Services.** Improving the immunization coverage of children less than 7 years old in a family practice residency (Alto & others) 472-oa

Setting priorities for children's health: viewpoints of family physicians and pediatricians (Schneider) 387-oa; Children's health: priorities, responsibilities, and health policy (Wall & Goldberg) 447-e

**Chlordiazepoxide.** Prolonged delirium tremens (Davis) 184-c

**Cholesterol.** Cholesterol screening (Brickfield) 183-c

**Clarithromycin.** Clarithromycin-carbamazepine interaction in a clinical setting (O'Connor & Fris) 489-mp

**Clindamycin.** Recurrent bacterial vaginosis unresponsive to metronidazole: successful treatment with oral clindamycin (Tepper & others) 431-br

**Clinical Investigators.** see Research Personnel

**Clinical Protocols.** Patients as subjects for research: ethical dilemmas for the primary care clinician-investigator (Slatkoff & others) 196-oa; Family physicians as researchers in their own practices (Green & Nutting) 261-e; Planning for the unknown in research: ethical dilemmas confronting the clinician-investigator (Marsh) 263-e

**Cocaine.** Cocaine use in pregnancy (Fox) 225-mp

**Computer Systems.** The Medical Record: a comprehensive computer system for the family physician (Yarnall & others) 324-mp; Computer-based medical records: time for an upgrade (Rodnick) 359-e

**Contraception.** Keloid formation from levonorgestrel implant (Norplant System) (Nuovo & Sweha) 152-br

Open-ended vasectomy: approaching the ideal technique (Denniston & Kuehl) 285-oa

Unplanned pregnancy: have family physicians used opportunities to make a difference? (Rosenfeld & others) 77-br; (O'Connor) 276-c; (Rosenfeld) 277-c

**Cost-Benefit Analysis.** Cost and outcome of inpatient care (Gillette) 185-c; (Armour) 186-c; Reply (MacLean) 186-c

**Cytomegalovirus.** Severe opportunistic infections in AIDS patients with late-stage disease (Lifson & others) 288-oa

**Delirium.** Delirium, headache, and the type 1 Arnold-Chiari malformation (Mehl & Astill) 344-br

**Delivery, Abdominal.** Full-term abdominal pregnancy: mother and infant survival (Old) 342-br; (Gillette) 538-c

**Delivery of Health Care.** Appropriateness of hospital use by family physicians (Fried & others) 229-hcs

A comparison of the content of army family practice with nonfederal family practice (Blount & others) 395-oa

Cost and outcome of inpatient care (Gillette) 185-c; (Armour) 186-c; Reply (MacLean) 186-c

Family-general practice models in Canada (Perkin) 526-w

Lay opinions regarding capitation-based health care plans (Scholes & Ellsbury) 348-br

Primary care at a crossroads: progress, problems, and future projections (Geyman & Hart) 60-hcs; (Bailey & Babitz) 277-c; (Geyman & Hart) 279-c; (Varma) 279-c

Public health and health care reform: implications for family practice (Satcher) 511-sp

The public hospital district for ambulatory care: an option to stabilize rural health services in crisis (Taplin & others) 493-hcs

Recent changes in general practice in the United Kingdom (Garvie) 440-w; Market reform of the British National Health Service: competition for better or for worse (Grumbach) 445-e

The role of the general practitioner in the Australian health care system: lessons for US family physicians (Schwenk) 351-w; Comparing Australian and US health care systems (Thomson) 456-c

Words can hurt you: some reflections on the metaphors of managed care (Pellegrino) 505-sp

**Depression.** Guidelines for the diagnosis and treatment of major depression (Stevens) 49-g

**Dermatology.** Reliability of skin biopsy pathology (Boiko & Piepkorn) 371-oa

**Dizziness.** Management of dizziness in primary care (Sloane & others) 1-oa; Practice guidelines for the management of vague patient complaints? (Lanier) 86-e

**Drugs.** Antibiotic choice and patient outcomes in community-acquired pneumonia (Hueston & Schiaffino) 95-oa

Clarithromycin-carbamazepine interaction in a clinical setting (O'Connor & Fris) 489-mp

Hepatitis caused by low-dose sustained-release niacin (Schwenk & Fisher) 242-br

Meperidine-induced seizure in a sickle cell patient using a patient-controlled analgesia pump (Rodman & Maxwell) 520-br

Prolonged delirium tremens (Davis) 184-c

Recurrent bacterial vaginosis unresponsive to metronidazole: successful treatment with oral clindamycin (Tepper & others) 431-br

Recurrent pancreatitis after treatment with hydrochlorothiazide (Rion) 74-br

Rifabutin prophylaxis against *Mycobacterium avium* complex disease (Goldschmidt & Dong) 80-crHIV

Suspected endotoxin poisoning in two intravenous methamphetamine users (Heck & Smith) 149-br

Treatment of AIDS and HIV-related conditions — 1994 (Goldschmidt & Dong) 155-crHIV

**Editorials.** Children's health: priorities, responsibilities, and health policy (Wall & Goldberg) 447-e

Clinical prevention in primary care: everyone talks about it, why aren't we doing it? (Frame) 449-e

Communication problems and needs in the consultation and referral process (Geyman) 357-e

Computer-based medical records: time for an upgrade (Rodnick) 359-e

Designing research on health risk behaviors: questioning the assumptions (Alexander) 266-e

A family doctor's rules for clinical conversations (Stephens) 179-e

Family physicians as researchers in their own practices (Green & Nutting) 261-e

Family practice residents and future obstetrics practice (Nesbitt) 84-e

Health care reform as a moral imperative (Stephens) 260-e

Market reform of the British National Health Service: competition for better or for worse (Grumbach) 445-e

Nicholas J. Pisacano, MD, Memorial Foundation 272-e; 452-e; 535-e

Obstetrics and the family physician: a medical historian's perspective (Borst) 530-e

Planning for the unknown in research: ethical dilemmas confronting the clinician-investigator (Marsh) 263-e

Practice guidelines for the management of vague patient complaints? (Lanier) 86-e

Rates, panels, and health system reform (Tarnoff & Berg) 361-e

**Education, Medical.** Bringing the special perspective of the family physician to the teaching of clinical ethics (Stevens & McCormick) 38-mp

A family doctor's rules for clinical conversations (Stephens) 179-e

Family practice maternity care in America: ruminations on reproducing an endangered species — family physicians who deliver babies (Larimore & Reynolds) 478-mp; Obstetrics and the family physician: a medical historian's perspective (Borst) 530-e

Training in obstetric sonography in family medicine residency programs: results of a nationwide survey and suggestions for a teaching strategy (Connor & others) 124-mp

**Endometritis.** Pelvic inflammatory disease: diagnosis and management (Quan) 110-r

**Endotoxins.** Suspected endotoxin poisoning in two intravenous methamphetamine users (Heck & Smith) 149-br

**Erythromycin.** Antibiotic choice and patient outcomes in community-acquired pneumonia (Hueston & Schiaffino) 95-oa

**Ethics, Medical.** Bringing the special perspective of the family physician to the teaching of clinical ethics (Stevens & McCormick) 38-mp

Moral values in health care reform: implications for family practice (Brody) 236-sp; Health care reform as a moral imperative (Stephens) 260-e; Health care reform (Chop) 456-c; (Brody) 458-c; (O'Connor) 458-c; (Baxter) 459-c; (Brody) 461-c; (Bett) 537-c; (Brody) 537-c

Patients as subjects for research: ethical dilemmas for the primary care clinician-investigator (Slatkoff & others) 196-oa; Family physicians as researchers in their own practices (Green & Nutting) 261-e; Planning for the unknown in research: ethical dilemmas confronting the clinician-investigator (Marsh) 263-e

**Family Physicians.** see Physicians, Family

**Family Physicians' Practice Patterns.** Family-general practice models in Canada (Perkin) 526-w

Family practice maternity care in America: ruminations on reproducing an endangered species — family physicians who deliver babies (Larimore & Reynolds) 478-mp; Obstetrics and the family physician: a medical historian's perspective (Borst) 530-e

**Family Planning.** Unplanned pregnancy: have family physicians used opportunities to make a difference? (Rosenfeld & others) 77-br; (O'Connor) 276-c; (Rosenfeld) 277-c

**Family Practice.** A comparison of the content of army family practice with nonfederal family practice (Blount & others) 395-oa

Family-general practice models in Canada (Perkin) 526-w

Family practice incidence rates (Cauthen) 303-oa; Rates, panels, and health system reform (Tarnoff & Berg) 361-e

Family practice maternity care in America: ruminations on reproducing an endangered species — family physicians who deliver babies (Larimore & Reynolds) 478-mp; Obstetrics and the family physician: a medical historian's perspective (Borst) 530-e

The hypertensive patient in family practice (Price) 403-r

Improving the immunization coverage of children less than 7 years old in a family practice residency (Alto & others) 472-oa

Moral values in health care reform: implications for family practice (Brody) 236-sp; Health care reform as a moral imperative (Stephens) 260-e; Health care reform (Chop) 456-c; (Brody) 458-c; (O'Connor) 458-c; (Baxter) 459-c; (Brody) 461-c; (Bett) 537-c; (Brody) 537-c

Obstetrics in family practice (Rodney) 182-c

Pilgrim's progress: toward a future in family practice (Loxterkamp) 253-refl

Primary care at a crossroads: progress, problems, and future projections (Geyman & Hart) 60-hcs; (Bailey & Babitz) 277-c; (Geyman & Hart) 279-c; (Varma) 279-c

Public health and health care reform: implications for family practice (Satcher) 511-sp

Recent changes in general practice in the United Kingdom (Garvie) 440-w; Market reform of the British National Health Service: competition for better or for worse (Grumbach) 445-e

**Fever.** Maternal fever during labor — what does it mean? (Churgay & others) 14-oa

**Fracture.** "Snowboarder's fracture": fracture of the lateral process of the talus (Nicholas & others) 130-mp

**General Practice.** see Family Practice

**Geriatrics.** Management of dizziness in primary care (Sloane & others) 1-oa; Practice guidelines for the management of vague patient complaints? (Lanier) 86-e

**Great Britain.** Recent changes in general practice in the United Kingdom (Garvie) 440-w; Market reform of the British National Health Service: competition for better or for worse (Grumbach) 445-e

**Guidelines.** Guidelines for adolescent preventive services: a critical review (Stevens & Lyle) 421-g

Guidelines for the diagnosis and treatment of major depression (Stevens) 49-g

Sickle cell disease: screening, diagnosis, management, and counseling in newborns and infants (Berg) 134-g

**Haemophilus influenzae.** *Haemophilus influenzae* intra-amniotic infection with intact membranes (Shute & Kimber) 335-mp

**Hallucinogens.** Clinical approach to toxic mushroom ingestion (Blackman) 31-r

**Hand Injuries.** Carpal boss and the differential diagnosis of dorsal hand masses (Lewis) 248-br

**Headache.** Delirium, headache, and the type 1 Arnold-Chiari malformation (Mehl & Astill) 344-br

**Health Care System.** see Delivery of Health Care

**Health Policy.** Appropriateness of hospital use by family physicians (Fried & others) 229-hcs

Lay opinions regarding capitation-based health care plans (Scholes & Ellsbury) 348-br

Moral values in health care reform: implications for family practice (Brody) 236-sp; Health care reform as a moral imperative (Stephens) 260-e; Health care reform (Chop) 456-c; (Brody) 458-c; (O'Connor) 458-c; (Baxter) 459-c; (Brody) 461-c; (Bett) 537-c; (Brody) 537-c

Severe opportunistic infections in AIDS patients with late-stage disease (Lifson & others) 288-oa

Treatment of AIDS and HIV-related conditions — 1994 (Goldschmidt & Dong) 155-crHIV

**Hospital District, Public.** The public hospital district for ambulatory care: an option to stabilize rural health services in crisis (Taplin & others) 493-hcs

**Hospitalization.** Appropriateness of hospital use by family physicians (Fried & others) 229-hcs

**Hydrochlorothiazide.** Recurrent pancreatitis after treatment with hydrochlorothiazide (Rion) 74-br

**Hypertension.** Hypertension: current management strategies (Sutherland & others) 202-r

The hypertensive patient in family practice (Price) 403-r

Prevalence rate of hypertension among recent southeast Asian refugees to Northern California (Tanji & others) 105-oa

**Immunization.** Immunization barriers in a family practice residency clinic (Gamertsfelder & others) 100-oa

Improving the immunization coverage of children less than 7 years old in a family practice residency (Alto & others) 472-oa

**Immunocompetence.** Disseminated *Mycobacterium avium* complex in an immunocompetent previously healthy woman (King) 145-br

**Incidence.** Family practice incidence rates (Cauthen) 303-oa; Rates, panels, and health system reform (Tarnoff & Berg) 361-e

**Inflammation.** Cervical inflammation and preterm delivery in pregnant women with a history of preterm delivery (Blake & others) 465-oa

**Information Systems.** The Medical Record: a comprehensive computer system for the family physician (Yarnall & others) 324-mp; Computer-based medical records: time for an upgrade (Rodnick) 359-e

**Insect Bites.** Treatment of black widow spider bite (Miller) 183-c; Reply (Blackman) 184-c

**Interdisciplinary Health Team.** Differences in the value of clinical information: referring physicians versus consulting specialists (Williams & Peet) 292-oa; Communication problems and needs in the consultation and referral process (Geyman) 357-e; (Amundson) 537-c

**Internal Medicine.** Specialty differences and the ordering of screening mammography by primary care physicians (Taplin & others) 375-oa; Clinical prevention in primary care: everyone talks about it, why aren't we doing it? (Frame) 449-e

**Interviews.** A family doctor's rules for clinical conversations (Stephens) 179-e

**Keloid.** Keloid formation from levonorgestrel implant (Norplant System) (Nuovo & Sweha) 152-br

**Labor.** Maternal fever during labor — what does it mean? (Churgay & others) 14-oa

**Labor, Premature.** Cervical inflammation and preterm delivery in pregnant women with a history of preterm delivery (Blake & others) 465-oa

**Latin Americans.** Preventive health care and screening of Latin American immigrants in the United States (Weissman) 310-r

**Levonorgestrel.** Keloid formation from levonorgestrel implant (Norplant System) (Nuovo & Sweha) 152-br

**Mammography.** Specialty differences and the ordering of screening mammography by primary care physicians (Taplin & others) 375-0a; Clinical prevention in primary care: everyone talks about it, why aren't we doing it? (Frame) 449-e

**Managed Care Programs.** Words can hurt you: some reflections on the metaphors of managed care (Pellegrino) 505-sp

**Medical Records Systems, Computerized.** The Medical Record: a comprehensive computer system for the family physician (Yarnall & others) 324-mp; Computer-based medical records: time for an upgrade (Rodnick) 359-e

**Men.** Associations with high-risk sexual behavior: a survey of young men of color attending urban youth centers (Steiner & others) 189-0a; Designing research on health risk behaviors: questioning the assumptions (Alexander) 266-e

**Meningioma.** Chronic schizophrenia or meningioma? (Sengstaken & King) 71-br

**Meperidine.** Meperidine-induced seizure in a sickle cell patient using a patient-controlled analgesia pump (Rodman & Maxwell) 520-br

**Methamphetamine.** Suspected endotoxin poisoning in two intravenous methamphetamine users (Heck & Smith) 149-br

**Metronidazole.** Recurrent bacterial vaginosis unresponsive to metronidazole: successful treatment with oral clindamycin (Tepper & others) 431-br

**Military Medicine.** A comparison of the content of army family practice with nonfederal family practice (Blount & others) 395-0a

**Morals.** Moral values in health care reform: implications for family practice (Brody) 236-sp; Health care reform as a moral imperative (Stephens) 260-e; Health care reform (Chop) 456-c; (Brody) 458-c; (O'Connor) 458-c; (Baxter) 459-c; (Brody) 461-c; (Bett) 537-c; (Brody) 537-c

**Mushroom Poisoning.** Clinical approach to toxic mushroom ingestion (Blackman) 31-r

**Mycobacterium avium Complex.** Disseminated *Mycobacterium avium* complex in an immunocompetent previously healthy woman (King) 145-br

Rifabutin prophylaxis against *Mycobacterium avium* complex disease (Goldschmidt & Dong) 80-crHIV

Severe opportunistic infections in AIDS patients with late-stage disease (Lifson & others) 288-0a

**National Health Service, British.** see State Medicine

**Neonatology.** Sickle cell disease: screening, diagnosis, management, and counseling in newborns and infants (Berg) 134-g

**Newborns.** see Neonatology

**Niacin.** Hepatitis caused by low-dose sustained-release niacin (Schwenk & Fisher) 242-br

**Nicotine.** Use of transdermal nicotine systems in a possible suicide attempt (Montalto & others) 417-mp

**Obstetrics.** Cervical inflammation and preterm delivery in pregnant women with a history of preterm delivery (Blake & others) 465-0a

Cocaine use in pregnancy (Fox) 225-mp

Examination of placenta after twin delivery (Jakupcak) 277-c; (Fogarty) 277-c

Family practice maternity care in America: ruminations on reproducing an endangered species — family physicians who deliver babies (Larimore & Reynolds) 478-mp; Obstetrics and the family physician: a medical historian's perspective (Borst) 530-e

Family practice residents' decision making regarding future practice of obstetrics (Greenberg & Hochheiser) 25-0a; Family practice residents and future obstetrics practice (Nesbitt) 84-e

Full-term abdominal pregnancy: mother and infant survival (Old) 342-br; (Gillette) 538-c

Maternal fever during labor — what does it mean? (Churgay & others) 14-0a

Obstetrics in family practice (Rodney) 182-c

Symphysis pubis separation during childbirth (Senechal) 141-br

Training in obstetric sonography in family medicine residency programs: results of a nationwide survey and suggestions for a teaching strategy (Connor & others) 124-mp

Unplanned pregnancy: have family physicians used opportunities to make a difference? (Rosenfeld & others) 77-br; (O'Connor) 276-c; (Rosenfeld) 277-c

**Oophoritis.** Pelvic inflammatory disease: diagnosis and management (Quan) 110-r

**Otitis Media.** Otitis media in adults. (Gillette) 275-c; (Culpepper & Froom) 275-c

**Papanicolaou Smears.** see Vaginal Smears

**Parametritis.** Pelvic inflammatory disease: diagnosis and management (Quan) 110-r

**Pasteurella Infections.** Fatal pasteurella septicemia associated with herpes zoster lesions (Carr & others) 245-br

**Pathology.** Reliability of skin biopsy pathology (Boiko & Piepkorn) 371-0a

**Patient Acceptance of Health Care.** Immunization barriers in a family practice residency clinic (Gamertsfelder & others) 100-0a

**Patient Care Team.** Differences in the value of clinical information: referring physicians versus consulting specialists (Williams & Peet) 292-0a; Communication problems and needs in the consultation and referral process (Geyman) 357-e; (Amundson) 537-c

**Patient Compliance.** Hypertension: current management strategies (Sutherland & others) 202-r

**Pediatrics.** Setting priorities for children's health: viewpoints of family physicians and pediatricians (Schneider) 387-0a;

Children's health: priorities, responsibilities, and health policy (Wall & Goldberg) 447-e

**Pelvic Inflammatory Disease.** see Adnexitis

**Perinatology.** Maternal fever during labor — what does it mean? (Churgay & others) 14-oa

**Physicians, Family.** Appropriateness of hospital use by family physicians (Fried & others) 229-hcs

Bringing the special perspective of the family physician to the teaching of clinical ethics (Stevens & McCormick) 38-mp

Differences in the value of clinical information: referring physicians versus consulting specialists (Williams & Peet) 292-oa; Communication problems and needs in the consultation and referral process (Geyman) 357-e; (Amundson) 537-c

A family doctor's rules for clinical conversations (Stephens) 179-e

Family-general practice models in Canada (Perkin) 526-w
