ATTEND ON-LINE OR IN PERSON.

DUAL LICENSING FOR PRACTICING HEALTH CARE PROFESSIONALS.

Due to an increasing demand in the health care system, our institution offers the Flexible Medical Curriculum for Professionals (FMCP) program leading to the Medical Degree (MD) for individuals such as yourself practicing in the health care fields.

Transfer credits from previous professional schools are accepted, thus allowing participants to complete the M.D. degree in a shorter period. Participants can attend in person or On-Line to fulfill the on-campus (residential) portion of the curriculum in which didactic lectures on selected topics in clinical sciences are presented. The clinical rotations (traditional or non-traditional clinical pathway) can be fulfilled in the participant's country (place) of residence.

The On-Line lecture presentations provide an ideal opportunity for working adult professionals who cannot attend classes at the campus in Antigua because of work or other commitments.

The advantages of dual licensure are innumerable. Join your colleagues in the health care system who have joined our programs.

For further information on our FMCP program contact:
