

ERRATUM

Correction to “Answers to Common Clinical Questions”

In the Editors’ Note titled “Answers to Common Clinical Questions,”¹ the abstract incorrectly states that an article appears in the January/February 2012 issue regarding “how to influence care outcomes: high-leverage, not just measurable, activities.” This article did not appear in the January/February 2012 issue; it appeared in the March/April 2012 issue. The electronic version on the *Journal of the American Board of Family Medicine*’s website has been corrected. We apologize for the error, and we regret any confusion or inconvenience it may have caused. (doi: 10.3122/jabfm.2012.03.120072.)
