

RETRACTION

Retraction of “Does Patient Assessment of the Quality of the Primary Care They Receive Predict Subsequent Outcomes? An Oklahoma Physicians Resource/Research Network (OKPRN) Study”

The Editors and Publisher of the *Journal of the American Board of Family Medicine (JABFM)* have retracted the following article:

Mold JW, Lawler F, Schauf KJ, Aspy CB. Does patient assessment of the quality of the primary care they receive predict subsequent outcomes? An Oklahoma Physicians Resource/Research Network (OKPRN) study. *J Am Board Fam Med* 2011;24:511–23.

We would like to state that this situation is because of a number of honest mistakes in the data analyses that were identified by the authors. Because of the extensive corrections in the article, this version is retracted, and a corrected version is available online. We apologize for any inconvenience this causes to readers of *JABFM*.
