

## **ERRATUM**

# Correction to “Family Physicians with a Certificate of Added Qualifications (CAQs) in Sports Medicine Spend the Majority of Their Time Practicing Sports Medicine”

**In the above-mentioned article,<sup>1</sup> the electronic version differs from the print version due to data errors in the figure. Consequently, the original title no longer accurately reflects the findings after correcting the data errors and has been changed to: “Family Physicians with a Certificate of Added Qualifications in Sports Medicine Spend an Increasing Amount of Time Practicing Sports Medicine.” The electronic version on the *Journal of the American Board of Family Medicine* website has been corrected. We apologize for the error, and we regret any confusion or inconvenience it may have caused.**
