ac — authors' comment
bkrv — book review
bn — board news
br — brief report
c — correspondence
crHIV — current report-HIV
e — editorial

ec — editorial comment
g — guidelines
gs — guest essay
mp — medical practice
oa — original article
r — review
refl — reflections in family practice
sp — special communication
x — correction

Acaricidal. Acaridae incognito: the case of the mighty mite (Holleman & Chappell) 639-br

Accidents. Carwash injuries (Sayres) 450-c

Adrenal Cortex Hormones. Reassessment of the role of theophylline in the current therapy for nocturnal asthma (Self & others) 281-r

Advance Directives. Advance directives among patients in a house call program (Daly & Sobal) 11-0a; Advance directives 1991: is the cart before the horse? (Rodriguez & Saultz) 97-e; Advanced directives for homebound patients (Coll & Anderson) 359-c

After the Cruzan case: the primary care physician and the use of advance directives (Doukas & Brody) 201-mp

Community attitudes and knowledge about advance care directives (Elder & others) 565-0a

Aged. see Geriatrics

Alcoholism. Successful physician interventions with hospitalized alcoholic patients (Seale & others) 433-br

Alpha 1-Antitrypsin. Alpha 1-antitrypsin-deficiency-related emphysema (Barker) 489-r

Altitude Sickness. Oxygen saturation in high-altitude pulmonary edema (Bachman & others) 429-br

American Academy of Family Physicians. The AAFP access plan: getting it almost right (Brody) 655-e

American Board of Family Practice. Board news (Young) 107-bn, 358-bn, 445-bn

Amputation. Amputation: preoperative psychological preparation (Butler & others) 69-mp

Anoxia. Oxygen saturation in high-altitude pulmonary edema (Bachman & others) 429-br

Antiviral Agents. Treatment of AIDS and AIDS-related conditions, 1992 (Goldschmidt & Dong) 335-crHIV

Anxiety Disorders. Bupropion effect on tobacco withdrawal symptoms: a randomized placebo-controlled trial (Robinson & others) 1-0a

Asian Americans. Urinary gnathostomiasis in a Laotian refugee (Norcross & others) 533-br

Astemizole. Treatment of atopic dermatitis with antihistamines: lessons from a single-patient, randomized clinical trial (Nuovo & others) 137-0a; The potential role of single-patient randomized controlled trials (N-of-1 RCTs) in clinical practice (Jaeschke & others) 227-e

Asthma. Guidelines for the diagnosis and management of asthma (Berg & Moy) 629-g

Reassessment of the role of theophylline in the current therapy for nocturnal asthma (Self & others) 281-r

Beclomethasone. Reassessment of the role of theophylline in the current therapy for nocturnal asthma (Self & others) 281-r

Benzodiazepines. Benzodiazepine dependence and withdrawal: identification and medical management (Landry & others) 167-r; Benzodiazepine dependence (Roy-Byrnes) 225-e

Beriberi. Thiamine deficiency (Brotzman) 323-br

Bias (Epidemiology). Drug treatment of hypercholesterolemia (Blake) 359-c

Blood Pressure. The effective diagnosis and treatment of hypertension by the primary care physician: impact of ambulatory blood pressure monitoring (Ferguson & Shaar) 457-0a; A "new" standard for the diagnosis of mild hypertension? (McBride & others) 541-e

Board News. see American Board of Family Practice

Book Reviews. *Adventures in Medicine: One Doctor's Life amid the Great Discoveries of 1940-1990* (Hobler) [Berggren] 548-bkrv

The Art of General Practice 4th ed. (Morrell) [Hennen] 239-bkrv

Arthritis Therapy: A Clinician's Manual (Kantor) [LaCroix] 548-bkrv

Cardiac Emergency Care 4th ed. (Chung) [Brock] 659-bkrv

Cecil Textbook of Medicine 19th ed. (Wyngaarden & others) [Bergman] 659-bkrv

Cholesterol Treatment: User Guide to Lipid Disorder Management 2nd ed. (Leaf) [Zervanos] 659-bkrv

Clinical Epidemiology: A Basic Science for Clinical Medicine 2nd ed. (Sackett & others) [Reed] 660-bkrv

Conn's Current Therapy, 1992 (Rakel) [Fields] 549-bkrv

Current Diagnosis 8th ed. (Conn) [Bergman] 362-bkrv

Difficult Diagnosis 2 (Taylor) [Larsen] 549-bkrv

ECG Interpretation Pocket Reference (Grauer) [LaCroix] 237-bkrv

Essentials of Drug Therapy (Johnson) [Larsen] 238-bkrv

Geriatric Home Care. Clinics in Geriatric Medicine Volume 7, Number 4 (Ferrell & Rubenstein) [Botelho] 661-bkrv

Handbook of Drug Therapy in Rheumatic Disease: Pharmacology and Clinical Aspects (Hardin & Longenecker) [Abyad] 549-bkrv

Handbook of Skin Clues of Systemic Diseases 2nd ed. (Jacobs & Anhalt) [Tanji] 661-bkrv

How to Quickly and Accurately Master ECG Interpretation 2nd ed. (Davis) [Norman] 362-bkrv

The Laboratory Consultant (Pribor & Hurlbut) [Hennen] 452-bkrv

Manual of Clinical Problems in Cardiology with Annotated Key References (Hills & others) [Fox] 550-bkrv

Medical Education, Accreditation, and the Nation's Health: Reflections of an Atypical Dean (Hunt) [Brody] 363-bkrv

Medical Uses of Statistics 2nd ed. (Bailar & Mosteller) [Sloane] 662-bkrv

Nelson Textbook of Pediatrics (Behrman & Kliegman) [Davis] 550-bkrv

Panic Disorder in the Medical Setting (Katon) [Pugno] 364-bkrv

Pediatric Diagnosis: Interpretation of Signs and Symptoms in Infants, Children, and Adolescents (Green) [Davis] 452-bkrv

A Practical Guide to ECG Interpretation (Grauer) [LaCroix] 237-bkrv

The Practicing Physician's Approach to Headache (Diamond & Dalessio) [Fox] 552-bkrv

Principles of Clinical Practice: An Introductory Textbook (Mengel) [Hunt] 453-bkrv

Principles and Practice of Infectious Diseases — Handbook of Antimicrobial Therapy (Mandell & others) [Hunt] 662-bkrv

Resources for People with Disabilities and Chronic Conditions (Resources for Rehabilitation) [Berggren] 237-bkrv

Somatization Disorder in the Medical Setting (Smith) [Larsen] 453-bkrv

Textbook of Internal Medicine (Kelley & others) [Norris] 454-bkrv

Brief Reports. Acaridae incognito: the case of the mighty mite (Holleman & Chappell) 639-br

Association of *Escherichia coli* sepsis and galactosemia in neonates (Barr) 89-br

Dermatologic manifestations of giardiasis (McKnight & Tietze) 425-br

Dystocia caused by chronic fecal impaction (Smith & Mozley) 333-br

Educational program for premature labor (Bachman & others) 645-br

A fatal case of toxic shock associated with group A streptococcal cellulitis (Whittiker) 523-br

Fetal tachycardia associated with maternal use of pseudoephedrine, an over-the-counter oral decongestant (Anastasio & Harston) 527-br

Hepatitis associated with Lyme disease (Sinusas & others) 635-br

Hyperparathyroidism (Kirchner) 529-br

Impact of a simple reminder on documentation of pediatric health screening procedures (Boltri) 215-br

Leiomyosarcoma of the femoral vein in a marathon runner (Bradley & others) 219-br

Neuroleptic malignant syndrome (Connelly & Fowler) 327-br

Neutralization of the effects of captopril by the use of ibuprofen in an elderly woman (Espino & Lancaster) 319-br

Oxygen saturation in high-altitude pulmonary edema (Bachman & others) 429-br

Recurrent leg cellulitis: pathogenesis, treatment, and prevention (Pierce & Daugird) 85-br

Sarcoidosis as a testicular mass (Schechter & others) 437-br

Subcutaneous emphysema and pneumomediastinum in the postpartum period (Wall & others) 223-br

Successful physician interventions with hospitalized alcoholic patients (Seale & others) 433-br

Thiamine deficiency (Brotzman) 323-br

Tricuspid valve endocarditis (Milhorn) 81-br

Urinary gnathostomiasis in a Laotian refugee (Norcross & others) 533-br

Bronchodilators. Reassessment of the role of theophylline in the current therapy for nocturnal asthma (Self & others) 281-r

Bupirone. Bupirone effect on tobacco withdrawal symptoms: a randomized placebo-controlled trial (Robinson & others) 1-0a

Candidiasis. Evaluation of a latex agglutination test for the identification of *Candida* species in vaginal discharge (Reed & Pierson) 375-0a

Captopril. Neutralization of the effects of captopril by the use of ibuprofen in an elderly woman (Espino & Lancaster) 319-br

Cellulitis. A fatal case of toxic shock associated with group A streptococcal cellulitis (Whittiker) 523-br

Recurrent leg cellulitis: pathogenesis, treatment, and prevention (Pierce & Daugird) 85-br

Cerebral Infarction. The complications of immobility in the elderly stroke patient (Coletta & Murphy) 389-r

Certification Examination. Board news (Young) 107-bn

Cervicitis. Does evidence of inflammation on Papanicolaou smears of pregnant women predict preterm labor and delivery? (Blake & others) 555-0a

Cervix Neoplasms. Use effectiveness of the Cytobrush in the primary care setting (Cauthen & others) 365-0a; Assessing a technology: what constitutes enough (Berg) 439-e

Chlorpheniramine. Treatment of atopic dermatitis with antihistamines: lessons from a single-patient, randomized clinical trial (Nuovo & others) 137-0a; The potential role of single-patient randomized controlled trials (N-of-1 RCTs) in clinical practice (Jaeschke & others) 227-e

Chronic Obstructive Pulmonary Disease. see Lung Diseases, Obstructive

Clinical Guidelines. Clinical guidelines and primary care (Geyman) 656-e

Guidelines for the diagnosis and management of asthma (Berg & Moy) 629-g

Physician compliance with mammography guidelines: barriers and enhancers (Costanza & others) 143-0a; Let guidelines be guidelines (Taplin) 231-e

A "new" standard for the diagnosis of mild hypertension? (McBride & others) 541-e

Clinical Trials, Single Patient. Treatment of atopic dermatitis with antihistamines: lessons from a single-patient, randomized clinical trial (Nuovo & others) 137-0a; The potential role of single-patient randomized controlled trials (N-of-1 RCTs) in clinical practice (Jaeschke & others) 227-e

Cluster Headache. Chronic headaches in family practice (Smith) 589-r

Colposcopy. Colposcopy practice and training in family practice residency programs (Ferris & Miller) 153-0a; (Gordon) 450-c

Family physicians' colposcopy practices (Gordon & Weiss) 27-0a; Colposcopy training for family physicians (Nuovo & Newkirk) 102-e

Computers. How family physicians choose an office computer system (Vincent & Schneeweiss) 275-0a

Coronary Disease. Relation of physical activity and cardiovascular fitness to coronary heart disease, part I: a meta-analysis of the independent relation of physical activity and coronary heart disease (Eaton) 31-r; (Katerndahl) 448-c; (Eaton) 449-ac; Part II: cardiovascular fitness and the safety and efficacy of physical activity prescription (Eaton) 157-r

Cytomegalovirus. Treatment of AIDS and AIDS-related conditions, 1992 (Goldschmidt & Dong) 335-crHIV

Delivery of Health Care. The AAFP access plan: getting it almost right (Brody) 655-e

Factors in the physician practice location puzzle: a survey of New York state residency-trained family physicians (Rosenthal & others) 265-0a

Models of family practice (Schenger) 649-refl

Primary medical care: a riddle and a parable (Stephens) 540-e

Depression. Depression after childbirth (Dobie & Walker) 303-r; (Davis) 544-c; (Dobie & Walker) 544-ac

Dermatology. Acaridae incognito: the case of the mighty mite (Holleman & Chappell) 639-br

Dermatologic manifestations of giardiasis (McKnight & Tietze) 425-br

Treatment of atopic dermatitis with antihistamines: lessons from a single-patient, randomized clinical trial (Nuovo & others) 137-0a; The potential role of single-patient randomized controlled trials (N-of-1 RCTs) in clinical practice (Jaeschke & others) 227-e

Diabetes Mellitus. Longitudinal study of a diabetes education and care intervention: predictors of improved glycemic control (O'Connor & others) 381-0a

Screening for gestational diabetes mellitus: comparison of a glucose polymer and a glucose monomer test beverage (Bergus & Murphy) 241-0a

Diagnosis. The effective diagnosis and treatment of hypertension by the primary care physician: impact of ambulatory blood pressure monitoring (Ferguson & Shaar) 457-0a; A "new" standard for the diagnosis of mild hypertension? (McBride & others) 541-e

Diagnostic Imaging. The bone scan in primary care: diagnostic pitfalls (Keenan & others) 63-mp; Diagnosis of multiple myeloma (McIntyre) 360-c

Didanosine. Treatment of AIDS and AIDS-related conditions, 1992 (Goldschmidt & Dong) 335-crHIV

Dideoxycytidine. Treatment of AIDS and AIDS-related conditions, 1992 (Goldschmidt & Dong) 335-crHIV

Disodium Cromoglycate. Reassessment of the role of theophylline in the current therapy for nocturnal asthma (Self & others) 281-r

Drugs. Benzodiazepine dependence and withdrawal: identification and medical management (Landry & others) 167-r; Benzodiazepine dependence (Roy-Byrnes) 225-e

Buspirone effect on tobacco withdrawal symptoms: a randomized placebo-controlled trial (Robinson & others) 1-0a

Drug treatment of hypercholesterolemia (Blake) 359-c
Mycobacterial disease in HIV-infected persons (Goldschmidt) 92-crHIV

Neutralization of the effects of captopril by the use of ibuprofen in an elderly woman (Espino & Lancaster) 319-br

Reassessment of the role of theophylline in the current therapy for nocturnal asthma (Self & others) 281-r

Treatment of AIDS and AIDS-related conditions, 1992 (Goldschmidt & Dong) 335-crHIV

Treatment of atopic dermatitis with antihistamines: lessons from a single-patient, randomized clinical trial (Nuovo & others) 137-0a; The potential role of single-patient randomized controlled trials (N-of-1 RCTs) in clinical practice (Jaeschke & others) 227-e

Use of deep venous thrombosis prophylaxis by family physicians (Fox & Lisney) 369-0a

Drugs, Adverse Effects. Fetal tachycardia associated with maternal use of pseudoephedrine, an over-the-counter oral decongestant (Anastasio & Harston) 527-br

Neutralization of the effects of captopril by the use of ibuprofen in an elderly woman (Espino & Lancaster) 319-r

Postmarketing surveillance of adverse drug reactions: patient self-monitoring (Fisher & Bryant) 17-0a

Durable Power of Attorney. see Living Wills

Dystocia. Dystocia caused by chronic fecal impaction (Smith & Mozley) 333-br

Editorials. The AAFP access plan: getting it almost right (Brody) 655-e

Advance directives 1991: is the cart before the horse? (Rodriguez & Saultz) 97-e

Any truth in psychological explanations? (Stephens) 98-e

Assessing a technology: what constitutes enough? (Berg) 439-e

Benzodiazepine dependence (Roy-Byrnes) 225-e

Clinical guidelines and primary care (Geyman) 656-e
Colposcopy training for family physicians (Nuovo & Newkirk) 102-e

Family physicians performing obstetrics: is malpractice liability the only obstacle? (Wall) 440-e; (Kriebel) 658-c

Illiteracy and health status: can we read the meanings? (Rodriguez & Wall) 354-e

Improving the quality of care for nursing home patients (Warshaw) 233-e

Let guidelines be guidelines (Taplin) 231-e

A "new" standard for the diagnosis of mild hypertension? (McBride & others) 541-e

The potential role of single-patient randomized controlled trials (N-of-1 RCTs) in clinical practice (Jaeschke & others) 227-e

Primary medical care: a riddle and a parable (Stephens) 540-e

Sorry, I don't see nursing home patients (Waltman) 104-e; Nursing home patients (Harmon) 360-c

Teamwork and informed consent (Brody) 229-e

Universal precautions (Goldschmidt) 355-e

What I've learned from experience (Stephens) 351-e

Education, Continuing. Self-reported HIV and AIDS experience, practices, and knowledge of Pennsylvania family physicians (Jones & others) 249-oa

What I've learned from experience (Stephens) 351-e

Education, Medical. Colposcopy practice and training in family practice residency programs (Ferris & Miller) 153-oa; (Gordon) 450-c

Family physicians' colposcopy practices (Gordon & Weiss) 27-oa; Colposcopy training for family physicians (Nuovo & Newkirk) 102-e

A five-step "microskills" model of clinical teaching (Neher & others) 419-sp

Models of family practice (Scherger) 649-refl

Recruitment to family practice residencies (Laufenburg) 109-c; (Frey) 447-c

Success strategies (Ventres) 361-c; (Taylor) 361-ac

Teaching physicians to be patient: a hospital admission experience for family practice residents (Brunton & Radecki) 581-oa

What I've learned from experience (Stephens) 351-e

Elderly. see Geriatrics

Emphysema. Alpha 1-antitrypsin-deficiency-related emphysema (Barker) 489-r

Endocarditis. Tricuspid valve endocarditis (Milhorn) 81-br

England. Change in the British National Health Service (Green) 75-sp

Ephedrine. Fetal tachycardia associated with maternal use of pseudoephedrine, an over-the-counter oral decongestant (Anastasio & Harston) 527-br

Escherichia coli. Association of *Escherichia coli* sepsis and galactosemia in neonates (Barr) 89-br

Exercise. Factors associated with regular aerobic exercise in an elderly population (Elward & others) 467-oa

Relation of physical activity and cardiovascular fitness to coronary heart disease, part I: a meta-analysis of the independent relation of physical activity and coronary heart disease (Eaton) 31-r; (Katerndahl) 448-c; (Eaton)

449-ac; Part II: cardiovascular fitness and the safety and efficacy of physical activity prescription (Eaton) 157-r

Exotoxins. A fatal case of toxic shock associated with group A streptococcal cellulitis (Whittaker) 523-br

Family Practice. The AAFP access plan: getting it almost right (Brody) 655-e

Colposcopy practice and training in family practice residency programs (Ferris & Miller) 153-oa; (Gordon) 450-c

Chronic headaches in family practice (Smith) 589-r

Family physicians' colposcopy practices (Gordon & Weiss) 27-oa; Colposcopy training for family physicians (Nuovo & Newkirk) 102-e

A five-step "microskills" model of clinical teaching (Neher & others) 419-sp Models of family practice (Scherger) 649-refl

Recruitment to family practice residencies (Laufenburg) 109-c; (Frey) 447-c

Success strategies (Ventres) 361-c; (Taylor) 361-ac

Survey and evaluation of newsletters marketed to family physicians (Shaughnessy & others) 573-oa

Teaching physicians to be patient: a hospital admission experience for family practice residents (Brunton & Radecki) 581-oa

Will family physicians really return to obstetrics if malpractice insurance premiums decline? (Nesbitt & others) 413-mp; Family physicians performing obstetrics: is malpractice liability the only obstacle? (Wall) 440-e; (Kriebel) 658-c

Feces, Impacted. Dystocia caused by chronic fecal impaction (Smith & Mozley) 333-br

Femoral Vein. Leiomyosarcoma of the femoral vein in a marathon runner (Bradley & others) 219-br

Fetal Distress. Fetal tachycardia associated with maternal use of pseudoephedrine, an over-the-counter oral decongestant (Anastasio & Harston) 527-br

Food Contamination. Urinary gnathostomiasis in a Laotian refugee (Norcross & others) 533-br

Foscarnet. Treatment of AIDS and AIDS-related conditions, 1992 (Goldschmidt & Dong) 335-crHIV

Galactosemia. Association of *Escherichia coli* sepsis and galactosemia in neonates (Barr) 89-br

Gancyclovir. Treatment of AIDS and AIDS-related conditions, 1992 (Goldschmidt & Dong) 335-crHIV

Geriatrics. Advance directives among patients in a house call program (Daly & Sobal) 11-oa; Advance directives 1991: is the cart before the horse? (Rodriguez & Saultz) 97-e; Advanced directives for homebound patients (Coll & Anderson) 359-c

Community attitudes and knowledge about advance care directives (Elder & others) 565-oa

The complications of immobility in the elderly stroke patient (Coletta & Murphy) 389-r

Factors associated with regular aerobic exercise in an elderly population (Elward & others) 467-oa

Health promotion for the nursing home patient (Richardson) 127-oa; Improving the quality of care for nursing home patients (Warshaw) 233-e; (Heath) 545-c; (Richardson) 546-ac

Implications of methicillin-resistant *Staphylococcus aureus* on nursing home practice (Coll & Nurse) 193-mp
Management of tetanus in the elderly (Knight & Richardson) 43-r

Neutralization of the effects of captopril by the use of ibuprofen in an elderly woman (Espino & Lancaster) 319-br
Patient outcomes in hospital-based respite: a study of potential risks and benefits (Chang & others) 475-0a

Sorry, I don't see nursing home patients (Waltman) 104-e; Nursing home patients (Harmon) 360-c

Giardiasis. Dermatologic manifestations of giardiasis (McKnight & Tietze) 425-br

Glucose Challenge Test. Screening for gestational diabetes mellitus: comparison of a glucose polymer and a glucose monomer test beverage (Bergus & Murphy) 241-0a

Gnathostoma. Urinary gnathostomiasis in a Laotian refugee (Norcross & others) 533-br

Great Britain. Change in the British National Health Service (Green) 75-sp

Guidelines for Health Planning. see Health Planning Guidelines

Headache. Chronic headaches in family practice (Smith) 589-r

Health Manpower. Factors in the physician practice location puzzle: a survey of New York state residency-trained family physicians (Rosenthal & others) 265-0a
Models of family practice (Scherger) 649-refl

Health Planning. see Delivery of Health Care

Health Promotion. Compliance with universal precautions in a medical practice with a high rate of HIV infection (Freeman & Chambers) 313-r; Universal precautions (Goldschmidt) 355-e

Health promotion for the nursing home patient (Richardson) 127-0a; Improving the quality of care for nursing home patients (Warshaw) 233-e; (Heath) 545-c; (Richardson) 546-ac

Impact of a simple reminder on documentation of pediatric health screening procedures (Boltri) 215-br

Physician compliance with mammography guidelines: barriers and enhancers (Costanza & others) 143-0a; Let guidelines be guidelines (Taplin) 231-e

Health Services, Accessibility. The AAFP access plan: getting it almost right (Brody) 655-e

Factors in the physician practice location puzzle: a survey of New York state residency-trained family physicians (Rosenthal & others) 265-0a

Primary medical care: a riddle and a parable (Stephens) 540-refl

Health Status Indicators. Health status of illiterate adults: relation between literacy and health status among persons with low literacy skills (Weiss & others) 257-0a; Illiteracy and health status: can we read the meanings? (Rodriguez & Wall) 354-e

Heart Diseases. Relation of physical activity and cardiovascular fitness to coronary heart disease, part I: a meta-analysis of the independent relation of physical activity and coronary heart disease (Eaton) 31-r; (Katerndahl) 448-c; (Eaton) 449-ac; Part II: cardiovascular

fitness and the safety and efficacy of physical activity prescription (Eaton) 157-r

Heparin. Use of deep venous thrombosis prophylaxis by family physicians (Fox & Lisney) 369-0a

Hepatitis. Hepatitis associated with Lyme disease (Sinusas & others) 635-br

Herpes Simplex. Treatment of AIDS and AIDS-related conditions, 1992 (Goldschmidt & Dong) 335-crHIV

Histamine H1 Receptor Blockers. Treatment of atopic dermatitis with antihistamines: lessons from a single-patient, randomized clinical trial (Nuovo & others) 137-0a; The potential role of single-patient randomized controlled trials (N-of-1 RCTs) in clinical practice (Jaeschke & others) 227-e

HIV. Compliance with universal precautions in a medical practice with a high rate of HIV infection (Freeman & Chambers) 313-r; Universal precautions (Goldschmidt) 355-e

Mycobacterial disease in HIV-infected persons (Goldschmidt) 92-crHIV

Self-reported HIV and AIDS experience, practices, and knowledge of Pennsylvania family physicians (Jones & others) 249-0a

Treatment of AIDS and AIDS-related conditions, 1992 (Goldschmidt & Dong) 335-crHIV

Hospitalization. Teaching physicians to be patient: a hospital admission experience for family practice residents (Brunton & Radecki) 581-0a

Hypercalcemia. Hyperparathyroidism (Kirchner) 529-br

Hypercholesterolemia. Drug treatment of hypercholesterolemia (Blake) 359-c

Hyperparathyroidism. Hyperparathyroidism (Kirchner) 529-br

Hypertension. The effective diagnosis and treatment of hypertension by the primary care physician: impact of ambulatory blood pressure monitoring (Ferguson & Shaar) 457-0a; A "new" standard for the diagnosis of mild hypertension? (McBride & others) 541-e

Hyphema. Carwash injuries (Sayres) 450-c

Ibuprofen. Neutralization of the effects of captopril by the use of ibuprofen in an elderly woman (Espino & Lancaster) 319-br

Imaging, Diagnostic. see Diagnostic Imaging

Immobilization. The complications of immobility in the elderly stroke patient (Coletta & Murphy) 389-r

Incontinence. The evaluation and treatment of urinary incontinence in women: a primary care approach (Walters & Realini) 289-r

Information Systems. Survey and evaluation of newsletters marketed to family physicians (Shaughnessy & others) 573-0a

Informed Consent. Informed consent: law, clinical reality, and the role of the family physician (Cotsonas) 207-sp; Teamwork and informed consent (Brody) 229-e

Insurance, Health, Reimbursement. The AAFP access plan: getting it almost right (Brody) 655-e

Insurance, Liability. Can physicians be induced to resume obstetric practice? (Greer & others) 407-mp;

Family physicians performing obstetrics: is malpractice liability the only obstacle? (Wall) 440-e; (Kriebel) 658-c

Will family physicians really return to obstetrics if malpractice insurance premiums decline? (Nesbitt & others) 413-mp; Family physicians performing obstetrics: is malpractice liability the only obstacle? (Wall) 440-e; (Kriebel) 658-c

Internship and Residency. Colposcopy practice and training in family practice residency programs (Ferris & Miller) 153-0a; (Gordon) 450-c

Recruitment to family practice residencies (Laufenburg) 109-c; (Frey) 447-c

Teaching physicians to be patient: a hospital admission experience for family practice residents (Brunton & Radecki) 581-0a

Intervention Studies. Intervention to increase seat belt use at a primary care center (Hempel) 483-0a

Longitudinal study of a diabetes education and care intervention: predictors of improved glycemic control (O'Connor & others) 381-0a

Successful physician interventions with hospitalized alcoholic patients (Seale & others) 433-br

Labor, Premature. Does evidence of inflammation on Papanicolaou smears of pregnant women predict preterm labor and delivery? (Blake & others) 555-0a

Education program for premature labor (Bachman & others) 645-br

Premature labor, part I: risk assessment, etiologic factors, and diagnosis (Gjerdingen) 495-r; Part II: management (Gjerdingen) 601-r

Laos. Urinary gnathostomiasis in a Laotian refugee (Norcross & others) 533-br

Latex Agglutination Tests. see Latex Fixation Tests

Latex Fixation Tests. Evaluation of a latex agglutination test for the identification of *Candida* species in vaginal discharge (Reed & Pierson) 375-0a

Leg. Recurrent leg cellulitis: pathogenesis, treatment, and prevention (Pierce & Daigird) 85-br

Leiomyosarcoma. Leiomyosarcoma of the femoral vein in a marathon runner (Bradley & others) 219-br

Length of Stay. Patient outcomes in hospital-based respite: a study of potential risks and benefits (Chang & others) 475-0a

Literacy. Health status of illiterate adults: relation between literacy and health status among persons with low literacy skills (Weiss & others) 257-0a; Illiteracy and health status: can we read the meanings? (Rodriguez & Wall) 354-e

Living Wills. Advance directives among patients in a house call program (Daly & Sobal) 11-0a; Advance directives 1991: is the cart before the horse? (Rodriguez & Saultz) 97-e; Advanced directives for homebound patients (Coll & Anderson) 359-c

After the Cruzan case: the primary care physician and the use of advance directives (Doukas & Brody) 201-mp

Community attitudes and knowledge about advance care directives (Elder & others) 565-0a

Long-Term Care. Advance directives among patients in a house call program (Daly & Sobal) 11-0a; Advance directives 1991: is the cart before the horse?

(Rodriguez & Saultz) 97-e; Advanced directives for homebound patients (Coll & Anderson) 359-c

Community attitudes and knowledge about advance care directives (Elder & others) 565-0a

Health promotion for the nursing home patient (Richardson) 127-0a; Improving the quality of care for nursing home patients (Warshaw) 233-e; (Heath) 545-c; (Richardson) 546-ac
