c — correspondence

crHIV — current report - HIV

cr — clinical review

e — editorial

g — guidelines

hcs — health care system

hp — health policy

mp — medical practice

oa — original article

refl — reflections in family practice

sp — special communication

w — world perspective

x — correction

Abdominal Cramps. Appendiceal colic caused by *Enterobius vermicularis* (Zoorob) 57-br

Acquired Immunodeficiency Syndrome. Trimethoprim-sulfamethoxazole induced sepsis-like syndrome in a patient with AIDS (O'Kane & Schneeweiss) 448-br

Adolescent Behavior. A survey of adolescent smoking patterns (Dappen et al) 7-oa

Aged. Improving pneumococcal vaccination rates in an elderly population by patient education in an outpatient clinic (Elangovan et al) 411-oa; Pneumococcal vaccine: a preventive care winner (Mustin) 461-e

Myxedema coma in the elderly, correction (Olsen) 63-x

AIDS. see Acquired Immunodeficiency Syndrome

AIDS virus. see HIV

AIDS-Related Opportunistic Infections. *Mycobacterium haemophilum* cellulitis and osteomyelitis in a man with AIDS (Holladay & Carmichael) 122-br

Treatment of AIDS and HIV-related conditions—1996 (Goldschmidt & Dong) 125-crHIV

Albuminuria. Hypertension, hyperlipidemia, and abdominal obesity and the development of microalbuminuria in patients with non-insulin-dependent diabetes mellitus (Spangler & Konen) 1-oa; Atherogenesis, families, and family practice: recognizing and treating an important syndrome (McBride) 64-e

Alternative Medicine. Complementary or alternative medicine (Davis) 70-c

Use of dietary supplements by patients in a family practice clinic (Eliason et al) 249-oa; Nutritional supplements (Muncie Jr) 466-c

American Board of Family Practice. A brief history of the American Board of Family Practice: the second annual Nicholas J. Pisacano, MD, memorial lecture (Young) 109-sp

Further evolution and challenges for *JABFP* (Geyman) 64-e

The changing role of the family physician—Nirvana or Waterloo? The third annual Nicholas J. Pisacano, MD, memorial lecture (Jones) 442-sp

American Medical Association. Quality of the

family physician component of the AMA Masterfile (Williams et al) 94-oa

Aminotransferases. Incidence of hepatitis C in patients with chronic elevations of aminotransferases (Salazar et al) 157-oa; Management of hepatitis C (Kirchner) 391-c; (Salazar, et al) 391-c

Analgesics, Opioid. Chronic opioid analgesic therapy for chronic low back pain (Brown et al) 191-mp; Chronic opioids for chronic low back pain—solution or problem? (Murphy) 225-e; Opioid therapy and chronic low back pain (Troncale) 386-c; (Ellis) 386-c; (Brown) 387-c; (Ryan) 388-c; (Gillette) 388-c

Anaphylaxis. Trimethoprim-sulfamethoxazole induced sepsis-like syndrome in a patient with AIDS (O'Kane & Schneeweiss) 448-br

Anesthesia, Epidural. Epidural anesthesia and Cesarean section (Morrow) 231-c

Antibodies, Anticardiolipin. Primary antiphospholipid syndrome: indications for long-term anticoagulation (Sengstaken) 282-br

Antidepressants. Strategies for managing depression complicated by bipolar disorder, suicidal ideation, or psychotic features (Hartmann) 261-cr

Antiphospholipid Syndrome. Primary antiphospholipid syndrome: indications for long-term anticoagulation (Sengstaken) 282-br

Anxiety. The mental health patient profile: Does it change primary care physicians' practice patterns? (Mazonson et al) 336-oa

Appendicitis. Appendiceal colic caused by *Enterobius vermicularis* (Zoorob) 57-br

Clinical and laboratory findings in acute appendicitis in the elderly (Elangovan) 75-oa; Diagnosis of appendicitis (Olive & Kiser) 306-c; (Elangovan) 307-c

Arachnism. Spider bites (Watkins-Colwell) 71-c

Arthritis, Infectious. A diagnostic challenge: the child with fever, rash, and arthritis (Danis & Gardner) 114-br

Arthritis, Juvenile Rheumatoid. Childhood leukemia mimicking arthritis (Needleman) 56-br

Artificial Intelligence. A formal model of family medicine (Sumner et al) 41-sp

Asian, Southeastern. Growth patterns of first-generation Southeast Asian Americans from birth to 5 years of age (Hyslop et al) 328-oa

Asthma. Asthma as an inflammatory disease: implications for management (Dolen) 182-cr

Athletic Injuries. The thoracic outlet syndrome in athletes (Nichols) 346-cr

Atrial Fibrillation. Atrial fibrillation during flexible sigmoidoscopy (Varma) 73-c; (Bruchlman) 73-c

Attitude of Health Personnel. The effect of Washington's comprehensive Medicaid expansion on physicians' obstetric practices in Washington State (Baldwin et al) 418-oa

Attitudes to Health. Physicians' attitudes and beliefs about deaf patients (Ralston et al) 167-oa; Caring for deaf patients (Klein) 392-c

Biopsy. Skin biopsy indications in primary care practice: a population-based study (Jones et al) 397-oa

Bipolar Disorder. Strategies for managing depression complicated by bipolar disorder, suicidal ideation, or psychotic features (Hartmann) 261-cr

Board News. Nicholas J. Pisacano, MD, Memorial Foundation 442-bn

Book Reviews. *Cardiac Drug Therapy*. 4th ed. (Khan) [Maples] 395-bkrv

Conn's Current Therapy 1996. (Rakel) [Crocker] 468-bkrv

Consultations in Gastroenterology. (Snape Jr) [Acosta] 469-bkrv

Cutaneous Medicine and Surgery—An Integrated Program in Dermatology. Vols. 1 and 2. (Arndt et al) [Dickson] 396-bkrv

Differential Diagnosis of Common Complaints. 3rd ed. (Seller) [Dickson] 469-bkrv

Drug Therapy: Decision Making Guide (McCormack et al) [Geyman] 308-bkrv

Emergency Medical Therapy. 4th ed. (Mengert et al) [Driscoll & Fowler] 468-bkrv

Exploring Rural Medicine. (Yawn et al) [Patricoski] 310-bkrv

Fractures and Dislocations: Closed Management. Vols. 1 and 2. (Connolly) [Gimlett] 233-bkrv

Gellis & Kagan's Current Pediatric Therapy. 15th ed. (Burg et al) [Heidrich] 394-bkrv

Guide to Clinical Preventive Services. 2nd ed. (Report of the U. S. Preventive Services Task Force) [Frey] 309-bkrv

Handbook of Ambulatory Medicine. (Zieve et al) [Farley] 393-bkrv

Health Promotion and Disease Prevention in Clinical Practice. (Woolf et al) [Larsen] 395-bkrv

Instructions for Geriatric Patients. (Sodeman Jr.) [Sloane] 156-bkrv

Manson's Tropical Diseases. 20th ed. (Cook) [Hunt & Opal] 394-bkrv

Manual of Asthma Management. (O'Byrne & Thomson) [Dickson] 156-bkrv

Manual of Medical Therapeutics. 28th ed. (Ewald & McKenzie) [Bergman] 155-bkrv

Nelson Textbook of Pediatrics. 15th ed. (Behrman et al) [Davis] 393-bkrv

Positioning Your Practice for the Managed Care Market. (Danzi) [Frey] 469-bkrv

Practical Orthopedics. 4th ed. (Mercier et al) [Leversee] 470-bkrv

Preventing Medical Malpractice Suits: A Handbook for Doctors and Those Who Work With Them. (Schutte) [Geyman] 155-bkrv

Primary Care Orthopaedics. (Masear) [Eiff] 309-bkrv

Textbook of Family Practice. 5th ed. (Rakel) [Zervanos] 233-bkrv

The Secret(s) of Good Patient Care: Thoughts on Medicine in the 21st Century (Felch) [Phillips] 308-bkrv

Venous Disorders—A Manual of Diagnosis and Treatment. (Beiarco et al) [Bergman] 310-bkrv

Brief Reports. A diagnostic challenge: the child with fever, rash, and arthritis (Danis & Gardner) 114-br

Acute idiopathic thrombocytopenic purpura following combined vaccination against measles, mumps, and rubella (Chang et al) 53-br

Appendiceal colic caused by *Enterobius vermicularis* (Zoorob) 57-br

Bulging anterior fontanel associated with apparent benign intracranial hypertension (Simon & Simon) 220-br

Childhood leukemia mimicking arthritis (Needleman) 56-br

Early removal of the Norplant system (Mayeaux Jr et al) 215-br

EDTA-induced pseudothrombocytopenia (Allerheiligen et al) 212-br

Exercise dependence in a pregnant runner (Spieker) 118-br

In utero medroxyprogesterone exposure after contraceptive failure (Brady & Brundage) 285-br

Maternal postpartum thyroiditis as infant growth failure (Mohl et al) 371-br

Mycobacterium haemophilum cellulitis and osteomyelitis in a man with AIDS (Holladay & Carmichael) 122-br

Primary antiphospholipid syndrome: indications for long-term anticoagulation (Sengstaken) 282-br

Rapidly progressive prostate cancer in the primary care setting (Woolf et al) 375-br

Symptomatic gastric sarcoidosis and *Helicobacter pylori* infection (Pope & Danford) 451-br

Trimethoprim-sulfamethoxazole induced sepsis-like syndrome in a patient with AIDS (O'Kane & Schnee-weiss) 448-br

Bronchial Hyperreactivity. Asthma as an inflammatory disease: implications for management (Dolen) 182-cr

Bulimia. see Eating Disorders.

Capitation Fee. Physician payment and the game of risk (Grumbach) 360-hp

Catheterization, Peripheral, Venous. Peripherally inserted central catheters: placement and use in a family practice hospital (Donovan et al) 235-oa

Cellulitis. *Mycobacterium haemophilum* cellulitis and

osteomyelitis in a man with AIDS (Holladay & Carmichael) 122-br

Cervix, Dysplasia. Detection of human papillomavirus DNA in patients referred to a family practice colposcopy clinic (Holman) 162-oa; The dynamically evolving field of cervical cancer screening (Harper) 389-c; (Holman) 390-c

Cesarean Section. Epidural anesthesia and Cesarean section (Morrow) 231-c

Child Development. Growth patterns of first-generation Southeast Asian Americans from birth to 5 years of age (Hyslop et al) 328-oa

Child Health Services. Health service use among low-risk newborns after early discharge with and without nurse home visiting (Braveman et al) 254-o; When medicine and politics collide: early newborn discharge (Wall) 298-e; Early newborn discharge (Madlon-Kay) 466-c; (Wall) 466-c

Clinical Guidelines and Primary Care. *Helicobacter pylori* in peptic ulcer disease: report of an NIH consensus conference (Berg) 205-g

Clinical Reviews. Asthma as an inflammatory disease: implications for management (Dolen) 182-cr

Pertussis, pertussis vaccine, and care of exposed persons (Zimmerman et al) 422-cr

Strategies for managing depression complicated by bipolar disorder, suicidal ideation, or psychotic features (Hartmann) 261-cr

The thoracic outlet syndrome in athletes (Nichols) 346-cr

Clinical Trials. Remembering and interpreting informed consent: a qualitative study of drug trial participants (Searight & Miller) 14-oa

Colposcopy. Detection of human papillomavirus DNA in patients referred to a family practice colposcopy clinic (Holman) 162-oa; The dynamically evolving field of cervical cancer screening (Harper) 389-c; (Holman) 390-r

Coma. Myxedema coma in the elderly, correction (Olsen) 63-x

Complementary Medicine. Complementary or alternative medicine (Davis) 70-c

Compulsive Behavior. Exercise dependence in a pregnant runner (Spieker) 118-br

Computer Simulation. A formal model of family medicine (Sumner et al) 41-sp

Consensus Development Conference, NIH. *Helicobacter pylori* in peptic ulcer disease: report of an NIH consensus conference (Berg) 205-g; NIH consensus on *Helicobacter pylori* (Zoorob) 392-c

Consensus Workshops. Clinical practice guideline panels: personal experience (Berg) 366-sp

Consumer Satisfaction. Does continuity of care increase HMO patients' satisfaction with physician performance? (Weyrauch) 31-hcs; Does the personal physician continue in managed care? (Scherger) 67-e

Continuity of Patient Care. Does continuity of care increase HMO patients' satisfaction with physician performance? (Weyrauch) 31-hcs; Does the personal physician continue in managed care? (Scherger) 67-e

Contraception. Early removal of the Norplant system (Mayeaux Jr et al) 215-br

In utero medroxyprogesterone exposure after contraceptive failure (Brady & Brundage) 285-br

In utero exposure to medroxyprogesterone (Coutts) 467-c

Coronary Arteriosclerosis. Family history and premature coronary heart disease (Eaton et al) 312-oa; Is heart disease all in the family? Family history and cardiovascular disease (McBride) 382-e

Coronary Disease. Family history and premature coronary heart disease (Eaton et al) 312-oa; Is heart disease all in the family? Family history and cardiovascular disease (McBride) 382-e

Cost-Benefit Analysis. The cost-effectiveness of interventions for preventing pressure ulcers (Xakellis & Frantz) 79-oa

Personal aspects of cost accounting (Hollingsworth) 223-refl

Cough/etiology. Etiology of chronic cough in a population of children referred to a pediatric pulmonologist (Callahan) 324-oa

Current Report - HIV. Occupational exposure to HIV: new recommendations for treating health care workers (Goldschmidt et al) 455-crHIV

Treatment of AIDS and AIDS-related conditions—1996 (Goldschmidt & Dong) 125-crHIV

Database, Bibliographic. Quality of the family physician component of the AMA Masterfile (Williams et al) 94-oa

Deafness. Physicians' attitudes and beliefs about deaf patients (Ralston et al) 167-oa; Caring for deaf patients (Klein) 392-c

Decubitus Ulcer/Prevention and Control. The cost-effectiveness of interventions for preventing pressure ulcers (Xakellis & Frantz) 79-oa

Delivery of Health Care. Epidural anesthesia and Cesarean section (Morrow) 231-c

Family medicine in the Middle East: reflections on the experiences of several countries (Abyad) 289-w

Health system reform and the rise of family medicine in Spain (Ambrose) 60-w

Perinatal outcomes and family practice (Krall) 152-c; (Deutschman) 15-c

Depressive Disorders. Strategies for managing depression complicated by bipolar disorder, suicidal ideation, or psychotic features (Hartmann) 261-cr

Diabetes Mellitus, Non-Insulin-Dependent. Hypertension, hyperlipidemia, and abdominal obesity and the development of microalbuminuria in patients with non-insulin-dependent diabetes mellitus (Spanglar & Konen) 1-oa; Atherogenesis, families, and family practice: recognizing and treating an important syndrome (McBride) 64-e

Diphtheria-Tetanus-Pertussis Vaccine. Pertussis, pertussis vaccine, and care of exposed persons (Zimmerman et al) 422-cr

Drugs, Investigational. Remembering and interpreting informed consent: a qualitative study of drug trial participants (Searight & Miller) 14-oa

Dystonia. Spasmodic torticollis: A case report and review of therapies (Smith & DeMario) 435-mp

Eating Disorders. Detecting and treating bulimia nervosa: how involved are family physicians? (Bursten et al) 241-oa

Edetic Acid. EDTA-induced pseudothrombocytopenia (Allerheiligen et al) 212-br

Editorials. Atherogenesis, families, and family practice: recognizing and treating an important syndrome (McBride) 64-e

Chronic opioids for chronic low back pain—solution or problem? (Murphy) 225-e

Does the personal physician continue in managed care? (Scherger) 67-e

Follow-up of abnormal results from lead screening: making evidence-based decisions (DiGuseppi) 459-e

Further evaluation and challenges for JABFP (Geyman) 64-e

Is heart disease all in the family? Family history and cardiovascular disease (McBride) 382-e

Pneumococcal vaccine: a preventive care winner (Mustin) 461-e

The DSM-IV-PC: toward improving management of mental disorders in primary care (Brody) 300-e

What do family medicine residency graduates do? (Green et al) 149-e

When medicine and politics collide: early newborn discharge (Wall) 298-e

EDTA. see Edetic Acid.

Education, Medical, Graduate. An educational needs assessment of rural family physicians (Norris et al) 86-oa; Residency training and rural practice (Wells) 305-c; (Norris) 306-c

Elderly. see Aged.

Enterobius. Appendiceal colic caused by *Enterobius vermicularis* (Zoorob) 57-br

Environmental Exposure. Difficulties in evaluating abnormal lead screening results in children (Block et al) 405-oa; Follow-up of abnormal results from lead screening: making evidence-based decisions (DiGuseppi) 459-e

Environmental Pollutants. Petroleum poisoning in two rural families (Lessenger) 270-mp

Exercise. Exercise dependence in a pregnant runner (Spieker) 118-br

Exercise, Physical. The thoracic outlet syndrome in athletes (Nichols) 346-cr

Failure to Thrive. Maternal postpartum thyroiditis as infant growth failure (Mohl et al) 371-br

Family Physicians. see Physicians, Family

Family Planning. Early removal of the Norplant system (Mayeaux Jr et al) 215-br

Family Practice. A formal model of family medicine (Sumner et al) 41-sp

Card of thanks—a personal note on the physician-patient relationship (Loxterkamp) 380-refl

Family medicine in the Middle East: reflections on the experiences of several countries (Abyad) 289-w

Health system reform and the rise of family medicine in Spain (Ambrose) 60-w

Perinatal outcomes and family practice (Deutschman) 15-c; (Krall) 152-c

Peripherally inserted central catheters: placement and use in a family practice hospital (Donovan et al) 235-oa

Family Practice and the Health Care System. Does continuity of care increase HMO Patient's satisfaction with physician performance? (Weyrauch) 31-hcs

The geographic and temporal patterns of residency-trained family physicians: University of Washington Family Practice Residency Network (West et al) 100-hcs

Family Practice—World Perspective. Family medicine in the Middle East: reflections on the experiences of several countries (Abyad) 289-w

Health system reform and the rise of family medicine in Spain (Ambrose) 60-w

Food, Supplemented. Use of dietary supplements by patients in a family practice clinic (Eliason et al) 249-oa; Nutritional supplements (Muncie Jr) 466-c

Fractures, Stress. Comparison of ultrasound examination with bone scintiscan in the diagnosis of stress fractures (Boam et al) 414-oa

Gastroduodenal Ulcer. Symptomatic gastric sarcoidosis and *Helicobacter pylori* infection (Pope & Danford) 451-br

Geriatrics. Clinical and laboratory findings in acute appendicitis in the elderly (Elangovan) 75-oa; Diagnosis of appendicitis (Olive & Kiser) 306-c; (Elangovan) 307-c

Myxedema coma in the elderly, correction (Olsen) 63-x

Growth. Growth patterns of first-generation Southeast Asian Americans from birth to 5 years of age (Hyslop et al) 328-oa

Health Care Reform. Health policy and the future of health care reform (Rabinowitz) 37-hp; Future of health care reform (Uzych) 305-c

Health Legislation. Health policy and the future of health care reform (Rabinowitz) 37-hp; Future of health care reform (Uzych) 305-c

The limits of state action? The myths and realities of ERISA (Crittenden) 208-hp

Health Personnel. Occupational exposure to HIV: new recommendations for treating health care workers (Goldschmidt et al) 455-crHIV

Health Policy. Health policy and the future of health care reform (Rabinowitz) 37-hp; Future of health care reform (Uzych) 305-c

Health system reform and the rise of family medicine in Spain (Ambrose) 60-w

The limits of state action? The myths and realities of ERISA (Crittenden) 208-hp

Physician payment and the game of risk (Grumbach) 360-hp

Health Services for the Aged. Personal aspects of cost accounting (Hollingsworth) 223-refl

Health Systems, Plans, Spain. Health system reform and the rise of family medicine in Spain (Ambrose) 60-w

Helicobacter pylori. *Helicobacter pylori* in peptic ulcer disease: report of an NIH consensus conference (Berg) 205-g; NIH consensus on *Helicobacter pylori* (Zoorob) 392-c

Symptomatic gastric sarcoidosis and *Helicobacter pylori* infection (Pope & Danford) 451-br

Hepatitis C. Incidence of hepatitis C in patients with chronic elevations of aminotransferases (Salazar et al) 157-oa; Management of hepatitis C (Kirchner) 391-c; (Salazar et al) 391-c

HIV. Occupational exposure to HIV: new recommendations for treating health care workers (Goldschmidt et al) 455-crHIV

Treatment of AIDS and HIV-related conditions—1996 (Goldschmidt & Dong) 125-crHIV

Hospital, Teaching. Peripherally inserted central catheters: placement and use in a family practice hospital (Donovan et al) 235-oa

Hyperlipidemia. Hypertension, hyperlipidemia, and abdominal obesity and the development of microalbuminuria in patients with non-insulin-dependent diabetes mellitus (Spangler & Konen) 1-oa; Atherogenesis, families, and family practice: recognizing and treating an important syndrome (McBride) 64-e

Hypertension. Hypertension, hyperlipidemia, and abdominal obesity and the development of microalbuminuria in patients with non-insulin-dependent diabetes mellitus (Spangler & Konen) 1-oa; Atherogenesis, families, and family practice: recognizing and treating an important syndrome (McBride) 64-e

Immunotherapy. Acute idiopathic thrombocytopenic purpura following combined vaccination against measles, mumps, and rubella (Chang et al) 53-br

Infant Care. Health service use among low-risk newborns after early discharge with and without nurse home visiting (Braveman et al) 254-oa; When medicine and politics collide: early newborn discharge (Wall) 298-e; Early newborn discharge (Madlon-Kay) 466-c; (Wall) 466-c

Infant Mortality. Access and outcomes of obstetric care (Sonis) 72-c; (Larimore & Davis) 72-c

Infant, Newborn. Supine infant sleep: what do family physicians recommend? (Spieker & Brennen) 319-oa

Informed Consent. Remembering and interpreting informed consent: a qualitative study of drug trial participants (Searight & Miller) 14-oa

Insurance, Health. The limits of state action? The myths and realities of ERISA (Crittenden) 208-hp

Insurance, Health, Reimbursement. Physician payment and the game of risk (Grumbach) 360-hp

Intracranial Hypertension, Benign. see Pseudotumor Cerebri

Jogging. Exercise dependence in a pregnant runner (Spieker) 118-br

Knowledge Representation (Computer). A formal model of family medicine (Sumner et al) 41-sp

Lead. Difficulties in evaluating abnormal lead screening results in children (Block et al) 405-oa; Follow-up of abnormal results from lead screening: making

evidence-based decisions (DiGuseppi) 459-e

Legislation, Medical. Health policy and the future of health care reform (Rabinowitz) 37-hp; Future of health care reform (Uzych) 305-c

Leukemia, lymphocytic, acute, L1. Childhood leukemia mimicking arthritis (Needleman) 56-br

Levonorgestrel. Early removal of the Norplant system (Mayeaux Jr et al) 215-br

Low Back Pain. Chronic opioid analgesic therapy for chronic low back pain (Brown et al) 191-mp; Chronic opioids for chronic low back pain—solution or problem? (Murphy) 225-e; Opioid therapy and chronic low back pain (Troncale) 386-c; (Ellis) 386-c; (Brown) 387-c; (Ryan) 388-c; (Gillette) 388-c

Lyme disease. A diagnostic challenge: the child with fever, rash, and arthritis (Danis & Gardner) 114-br

Lymphoblastic leukemia, acute, childhood. Childhood leukemia mimicking arthritis (Needleman) 56-br

Malaria. Hyperreactive malarial syndrome (HMS) (Ackerman) 356-mp

Mammography. Use of mammography (Taplin) 153-c

Managed Care Programs. Does continuity of care increase HMO patients' satisfaction with physician performance? (Weyrauch) 31-hcs; Does the personal physician continue in managed care? (Scherger) 67-e

Manuals. The DSM-IV-PC: A manual for diagnosing mental disorders in the primary care setting (deGruy & Pincus) 274-sp; The DSM-IV-PC: toward improving management of mental disorders in primary care (Brody) 300-e

Massachusetts. Family medicine in Massachusetts (Eliason) 153-c

Maternal Exposure. In utero medroxyprogesterone exposure after contraceptive failure (Brady & Brundage) 285-br; In utero exposure to medroxyprogesterone (Coutts) 467-c

Measles Vaccine. Acute idiopathic thrombocytopenic purpura following combined vaccination against measles, mumps, and rubella (Chang et al) 53-br

Medical Practice. Chronic opioid analgesic therapy for chronic low back pain (Brown et al) 191-mp

Hyperreactive malarial syndrome (HMS) (Ackerman) 356-mp

Petroleum poisoning in two rural families (Lessenger) 270-mp

Spasmodic torticollis: a case report and review of therapies (Smith & DeMario) 435-mp

Medicaid. The effect of a comprehensive Medicaid expansion on physicians' obstetric practices in Washington State (Baldwin et al) 418-oa

Medroxyprogesterone 17-Acetate. In utero medroxyprogesterone exposure after contraceptive failure (Brady & Brundage) 285-br; In utero exposure to medroxyprogesterone (Coutts) 467-c

Mental Disorders. The DSM-IV-PC: A manual for diagnosing mental disorders in the primary care setting (deGruy & Pincus) 274-sp; The DSM-IV-PC:

toward improving management of mental disorders in primary care (Brody) 300-c

Mental Health. The mental health patient profile: does it change primary care physicians' practice patterns? (Mazonson et al) 336-oa

Middle East. Family medicine in the Middle East: reflections on the experiences of several countries (Abyad) 289-w

Military Medicine. The practice of obstetrics by Army family physicians (Miser et al) 174-oa

Movement Disorders. Spasmodic torticollis: a case report and review of therapies (Smith & DeMario) 435-mp

Mumps Vaccine. Acute idiopathic thrombocytopenic purpura following combined vaccination against measles, mumps, and rubella (Chang et al) 53-br

Mycobacterium Infections. *Mycobacterium haemophilum* cellulitis and osteomyelitis in a man with AIDS (Holladay & Carmichael) 122-br

Myxedema. Myxedema coma in the elderly, correction (Olsen) 63-x

National Health Service Corp. Beyond retention: national health service corps participation and subsequent practice locations of a cohort of rural family physicians (Rosenblatt et al) 23-oa

Nursing Services. Health service use among low-risk newborns after early discharge with and without nurse home visiting (Braveman et al) 254-oa; When medicine and politics collide: early newborn discharge (Wall) 298-e; Early newborn discharge (Madlon-Kay) 466-c; (Wall) 466-c

Nutrition Survey. Use of dietary supplements by patients in a family practice clinic (Eliason et al) 249-oa; Nutritional supplements (Muncie Jr) 466-c

Obesity in Diabetes. Hypertension, hyperlipidemia, and abdominal obesity and the development of microalbuminuria in patients with non-insulin-dependent diabetes mellitus (Spangler & Konen) 1-oa; Atherogenesis, families, and family practice: Recognizing and treating an important syndrome (McBride) 64-c

Obstetrics. Access and outcomes of obstetric care (Sonis) 72-c; (Larimore & Davis) 72-c

Perinatal outcomes and family practice (Krall) 152-c; (Deutschman & Connor) 15-c

The effect of a comprehensive Medicaid expansion on physicians' obstetric practices in Washington State (Baldwin et al) 418-oa

The practice of obstetrics by Army family physicians (Miser et al) 174-oa

Occupational Exposure. Occupational exposure to HIV: New recommendations for treating health care workers (Goldschmidt et al) 455-crHIV

Opioid Analgesics. Chronic opioid analgesic therapy for chronic low back pain (Brown et al) 191-mp; Chronic opioids for chronic low back pain—solution or problem? (Murphy) 225-e; Chronic opioids for chronic low back pain—solution or problem? (Murphy) 225-e

Opioid therapy and chronic low back pain (Tron-

cale) 386-c; (Ellis) 386-c; (Brown) 387-c; (Ryan) 388-c; (Gillette) 388-c

Orbital Neoplasms. Rapidly progressive prostate cancer in the primary care setting (Woolf et al) 375-br

Osteomyelitis. *Mycobacterium haemophilum* cellulitis and osteomyelitis in a man with AIDS (Holladay & Carmichael) 122-br

Papillomavirus, Human. Detection of human papillomavirus DNA in patients referred to a family practice colposcopy clinic (Holman) 162-oa

The dynamically evolving field of cervical cancer screening (Harper) 389-c; (Holman) 390-c

Parkinson Disease. Serotonin syndrome cause and treatment (Reynolds) 73-c

Patient Discharge. Health service use among low-risk newborns after early discharge with and without nurse home visiting (Braveman et al) 254-oa; When medicine and politics collide: early newborn discharge (Wall) 298-e; Early newborn discharge (Madlon-Kay) 466-c; (Wall) 466-c

Patient Education. Improving pneumococcal vaccination in an elderly population by patient education in an outpatient clinic (Elangovan et al) 411-oa; Pneumococcal vaccine: a preventive care winner (Mustin) 461-e

Pediatrics. A diagnostic challenge: the child with fever, rash, and arthritis (Danis & Gardner) 114-br

Bulging anterior fontanel associated with apparent benign intracranial hypertension (Simon & Simon) 220-br

Difficulties in evaluating abnormal lead screening results in children (Block et al) 405-oa; Follow-up of abnormal results from lead screening: making evidence-based decisions (DiGuseppi) 459-c

Etiology of chronic cough in a population of children referred to a pediatric pulmonologist (Callahan) 324-oa

Pennsylvania. Expansion of training in family medicine (Zervanos) 232-c

Peptic Ulcer. *Helicobacter pylori* in peptic ulcer disease: report of an NIH consensus conference (Berg) 205-g; NIH consensus on *Helicobacter pylori* in peptic ulcer disease (Zoorob) 392-c

Symptomatic gastric sarcoidosis and *Helicobacter pylori* infection (Pope & Danford) 451-br

Personal Health Care. Does continuity of care increase HMO patient's satisfaction with physician performance? (Weyrauch) 31-hcs; Does the personal physician continue in managed care? (Scherger) 67-e

Pertussis Vaccine. Pertussis, pertussis vaccine, and care of exposed persons (Zimmerman et al) 422-cr

Petroleum/poisoning. Petroleum poisoning in two rural families (Lessenger) 270-mp

Physician Shortage Area. Access and outcomes of obstetric care (Sonis) 72-c; (Larimore & Davis) 72-c

Physician's Practice Patterns. The effect of Washington's comprehensive Medicaid expansion on physicians' obstetric practices in Washington State (Baldwin et al) 418-oa

The mental health patient profile: does it change

primary care physicians' practice patterns? (Mazonson et al) 336-oa

Physicians, Family. Beyond retention: national health service corps participation and subsequent practice locations of a cohort of rural family physicians (Rosenblatt et al) 23-oa

An educational needs assessment of rural family physicians (Norris et al) 86-oa; Residency training and rural practice (Wells) 305-c (Norris) 306-c

Expansion of training in family medicine (Zervanos) 232-c

Family medicine in Massachusetts (Eliason) 153-c

The geographic and temporal patterns of residency-trained family physicians: University of Washington family practice residency network (West et al) 100-hcs; What do family medicine residency graduates do? (Green et al) 149-e; correction 234-x

The practice of obstetrics by Army family physicians (Miser et al) 174-oa

Quality of the family physician component of the AMA Masterfile (Williams et al) 94-oa

Skin biopsy indications in primary care practice: A population-based study (Jones et al) 397-oa

Supine infant sleep: What do family physicians recommend? (Spieker & Brannen) 319-oa

Physician-Patient Relations. Card of thanks—a personal note on the physician-patient relationship (Loxterkamp) 380-refl

Pinworms. Appendiceal colic caused by *Enterobius vermicularis* (Zoorob) 57-br

Pisacano, Nicholas J. Nicholas J. Pisacano, MD, Memorial Foundation 463-br

Pneumococcal Infections. Improving pneumococcal vaccination rates in an elderly population by patient education in an outpatient clinic (Elangovan et al) 411-oa; Pneumococcal vaccine: a preventive care winner (Mustin) 461-e

Postpartum Period. Maternal postpartum thyroiditis as infant growth failure (Mohl et al) 371-br

Practice Guidelines. Clinical practice guideline panels: personal experience (Berg) 366-sp

Difficulties in evaluating abnormal lead screening results in children (Block et al) 405-oa; Follow-up of abnormal results from lead screening: making evidence-based decisions (DiGuiseppi) 459-e

Helicobacter pylori in peptic ulcer disease: report of an NIH consensus conference (Berg) 205-g; NIH consensus on *Helicobacter pylori* (Zoorob) 392-c

Pregnancy. Access and outcomes of obstetric care (Sonis) 72-c (Larimore & Davis) 72-c

Epidural anesthesia and Cesarean section (Morrow) 231-c

Exercise dependence in a pregnant runner (Spieker) 118-br

Pressure Ulcer. see Decubitus Ulcer.

Primary Health Care. The DSM-IV-PC: a manual for diagnosing mental disorders in the primary care setting (deGruy & Pincus) 274-sp; The DSM-IV-PC: toward improving management of mental disorders in primary care (Brody) 300-e

The mental health patient profile: Does it change primary care physicians' practice patterns? (Mazonson et al) 336-oa

Professional Practice Location. Beyond retention: national health service corps participation and subsequent practice locations of a cohort of rural family physicians (Rosenblatt et al) 23-oa

The geographic and temporal patterns of residency-trained family physicians: University of Washington family practice residency network (West et al) 100-hcs; What do family medicine graduates do? (Green et al) 149-e; correction 234-x

Prostate-Specific Antigen. Rapidly progressive prostate cancer in the primary care setting (Woolf et al) 375-br

Prostatic Intraepithelial Neoplasia. Rapidly progressive prostate cancer in the primary care setting (Woolf et al) 375-br

Pseudotumor Cerebri. Bulging anterior fontanel associated with apparent benign intracranial hypertension (Simon & Simon) 220-br

Puerperal Disorders. Maternal postpartum thyroiditis as infant growth failure (Mohl et al) 371-br

Pupura, Thrombocytopenic. Acute idiopathic thrombocytopenic purpura following combined vaccination against measles, mumps, and rubella (Chang et al) 53-br

Radionuclide Imaging. Comparison of ultrasound examination with bone scintiscan in the diagnosis of stress fractures (Boam et al) 414-oa

Reflections in Family Practice. Card of thanks: a personal note on the physician-patient relationship (Loxterkamp) 380-refl

Personal aspects of cost accounting (Hollingsworth) 223-refl

Refugees. Growth patterns of first-generation Southeast Asian Americans from birth to 5 years of age (Hyslop et al) 328-oa

Reminder Systems. Family medicine in Massachusetts (Eliason) 153-c

Risk factors. Family history and premature coronary heart disease (Eaton et al) 312-oa; Is heart disease all in the family? Family history and cardiovascular disease (McBride) 382-e

Rubella Vaccine. Acute idiopathic thrombocytopenic purpura following combined vaccination against measles, mumps, and rubella (Chang et al) 53-br

Rural Health Services. Beyond retention: national health service corps participation and subsequent practice locations of a cohort of rural family physicians (Rosenblatt et al) 23-oa

Sarcoidosis. Symptomatic gastric sarcoidosis and *Helicobacter pylori* infection (Pope & Danford) 451-br

Scintigraphy. see Radionuclide Imaging

Serotonin. Serotonin syndrome cause and treatment (Reynolds) 73-c

Sigmoidoscopy. Atrial fibrillation during flexible sigmoidoscopy (Varma) 73-c; (Bruehlman) 73-c

Skin Neoplasms. Skin biopsy indications in pri-

mary care practice: a population-based study (Jones et al) 397-oa

Sleep. Supine infant sleep: what do family physicians recommend? (Spieker & Brennen) 319-oa

Smoking. A survey of adolescent smoking patterns (Dappen et al) 7-oa

Special Communications. A brief history of the American Board of Family Practice: the second annual Nicholas J. Pisacano, MD memorial lecture (Young) 109-sp

A formal model of family medicine (Sumner et al) 41-sp

Clinical practice guideline panels: personal experience (Berg) 366-sp

The changing role of the family physician—nirvana or Waterloo: The third annual Nicholas J. Pisacano, MD, memorial lecture (Jones) 442-sp

The DSM-IV-PC: a manual for diagnosing mental disorders in the primary care setting (deGruy & Pincus) 274-sp

Sphenoid Bone. Rapidly progressive prostate cancer in the primary care setting (Woolf et al) 375-br

Spider Venoms. Spider bites (Watkins-Colwell) 71-c

Spiders. Spider bites (Watkins-Colwell) 71-c

Splenomegaly. Hyperreactive malarial syndrome (HMS) (Ackerman) 356-mp

Sports Medicine. The thoracic outlet syndrome in athletes (Nichols) 346-cr

Sudden Infant Death. Supine infant sleep: what do family physicians recommend? (Spieker & Brennen) 319-oa

Suicide. Strategies for managing depression complicated by bipolar disorder, suicidal ideation, or psychotic features (Hartmann) 261-cr

Syndrome X. Hypertension, hyperlipidemia, and abdominal obesity and the development of microalbuminuria in patients with non-insulin-dependent diabetes mellitus (Spangler & Konen) 1-oa; Atherogenesis, families, and family practice: recognizing and

treating an important syndrome (McBride) 64-c

Theoretical Model. A formal model of family medicine (Sumner et al) 41-sp

Thoracic Outlet Syndrome. The thoracic outlet syndrome in athletes (Nichols) 346-cr

Thrombocytopenia. Acute idiopathic thrombocytopenic purpura following combined vaccination against measles, mumps, and rubella (Chang et al) 53-br

EDTA-induced pseudothrombocytopenia (Allerheiligen et al) 212-br

Thyroiditis. Maternal postpartum thyroiditis as infant growth failure (Mohl et al) 371-br

Torticollis. Spasmodic torticollis: a case report and review of therapies (Smith & DeMario) 435-mp

Trimethoprim-Sulfamethoxazole Combination. Trimethoprim-sulfamethoxazole induced sepsis-like syndrome in a patient with AIDS (O'Kane & Schneeweiss) 448-br

Ultrasonography. Comparison of ultrasound examination with bone scintiscan in the diagnosis of stress fractures (Boam et al) 414-oa

Vaccination. Improving pneumococcal vaccination rates in an elderly population by patient education in an outpatient clinic (Elangovan et al) 411-oa; Pneumococcal vaccine: a preventive care winner (Mustin) 461-e

Warfarin. Primary antiphospholipid syndrome: indications for long-term anticoagulation (Sengstaken) 282-br

Washington. The effect of a comprehensive Medicaid expansion on physicians' obstetric practices in Washington State (Baldwin et al) 418-oa
